This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of Z-Tel Communications, Inc. (Z-Tel or the Company) to amend its Certificate of Public Convenience and Necessity to include the provision of local exchange services on a facilities-basis. The Company originally received its Certificate pursuant to Order No. 98-762, dated October 2, 1998.

Order No. 98-762 granted authority to Z-Tel to provide local service, but did not specify how the service was to be provided. The Company may also utilize a resale basis if necessary to provide its product.

This Order shall remain in full force and effect until further Order of the
Commission.
